This is Kellogg's Bargain Year

From Frank E. Beatty,
Three Rivers, Mich.

Three Rivers, Michigan, 1932

To You:

Yes, my good friends, this is Kellogg's Bargain Year. Never before have you had such money-saving bargains offered you on strictly high-grade, true-to-name nursery stock. It will pay you to study this book carefully - you'll find money-saving bargains on every page.

Every dollar you invest in Kellogg berry plants this year will bring back \$10.00 to \$20.00 next year. At this year's prices, every dollar you put into Kellogg fruit trees, shrubbery, roses, perennials, vines, and bulbs will add ten times as much to the appearance and value of your home. Buy now while the price is low.

The low prices quoted in this book is not all your saving. Everything you get from Kellogg is delivered to you prepaid. Kellogg pays the postage and express. Most important of all, everything you get from Kellogg is the best that can be grown. The name "Kellogg" on nursery stock always means the best.

Kellogg's Thorobred Pedigree berry plants always have held the world's record for big crops and big profits. This year Kellogg plants are better than ever. We have used fertilizers liberally and I promise you the best plants ever grown.

This year Kellogg's Thorobred Pedigree heavy-fruited berry plants cost you only a trifle more than common ordinary plants and they are easily worth twice as much. I will prove to you that Kellogg's heavy-fruited plants are the lowest-priced plants you can buy.

I assure you the low prices we are quoting on Kellogg berry plants and nursery stock this year give you the biggest and best bargains ever offered on high quality, true-to-name stock. Considering the real worth, you are actually getting a full \$2.00 value for every dollar you invest.

Come and look us over. You are welcome anytime. Spend a day in the Kellogg 400 acre nurseries. See our beautiful new rock garden and big show gardens; our extensive irrigation plant and other equipment used in growing Kellogg's heavy-fruited berry plants and high-grade nursery stock. Come and see how we do things.

Sincerely yours,

F. E. Beatty

A Gift

FOR EVERY KELLOGG CUSTOMER THIS YEAR

This is not only KELLOGG'S BARGAIN YEAR, but also KELLOGG'S GIFT YEAR. Every Customer whose order amounts to \$3.00 or more will receive A VALUABLE SURPRISE GIFT FREE. In selecting your gift, I shall be very careful to choose something that will both surprise and please you. Of course, the larger your order the more valuable the gift will be.

I am very sure you will be very highly pleased with both your purchase and your gift. Whether it's a gift or a purchase, it must be a satisfaction to you and a credit to our company.

LOOK at these REAL BARGAINS

On KELLOGG'S Choicest Stock—The Pick of the NURSERY

6 REGAL LILY BULBS—Absolutely hardy. Grows 4 to 5 feet tall. Large trumpet shaped, lily-white waxy flowers suffused with pink, with a beautiful shade of canary yellow throat extending part way up the trumpet; delightfully perfumed. A most charming, hardy lily. 6 big, blooming size bulbs, value \$2.00, prepaid, only—

\$1

15 for \$2.00; 25 for \$3.00.

3 AMORPHA FRUTICOSA (False Indigo)—A branching shrub, usually grows 6 to 10 feet tall. Valuable for borders or massing on rocky banks. Leaf compound, consisting of 11 to 25 bright green leaflets. Flowers violet-purple, disposed in clustered racemes 3 to 6 inches long. 3 big, two-year, 3- to 4-foot, heavy rooted plants, prepaid, only

\$1

7 for \$2.00.

4 RUSSIAN OLIVE (*Elaeagnus Angustifolia*)—A large shrub with silvery branches; leaves bright green above, silvery beneath; flowers yellow within and silvery on the outside. Very fragrant. Later in the season filled with yellow berries coated with silvery scales. With this silver, yellow and green combination you can imagine the real beauty of this shrub. Grows 8 to 12 feet high. 4 two-year, 18- to 24-inch heavy rooted plants, prepaid, for only

\$1

4 RED BARBERRY—New and very popular. Perfectly hardy, grows upright with glossy bronzed foliage changing to purplish red in autumn. Most beautiful among evergreens or planted in groups in the lawn. Very desirable for hedges. Does best when grown in full sunlight. 4 two-year, heavy rooted plants delivered to you, prepaid, for only

\$1

10 for \$2.00.

3 FLAMING BUSH (Japanese Quince)—A most magnificent growing shrub; beautiful, dark, glossy leaves with flaming scarlet flowers. Foliage turns to gay colors in autumn. Fine for lawn specimen, shrub borders, foundation planting or hedges. Three choice two-year bushes, prepaid for only

\$1

7 for \$2.00 or 12 for \$3.00.

3 PURPLE FRINGE (Smoke Tree)—A real mystic wonder; grows into a large magnificent shrub. May be pruned into tree shape if desired. Produces masses of smoky purple feathery blooms which give a purplish clouded effect. Beautiful leaves in the fall. Plant in lawn or shrub border. Regular price 65c each. This year you get 3 two-year plants, prepaid, for only

\$1

7 for \$2.00.

2 FRENCH LILACS, EXTRA CHOICE 3 YEAR BUDDED PLANTS; FIVE COLORS—Red, pink, blue, lavender and white. Grow 6 to 8 feet high with large fragrant flower clusters. Unusual varieties which generally sell for \$1.50 each. This is Kellogg's Bargain Year and you may take two, your choice of colors, prepaid, only

\$1

5 for \$2.00.

2 BEAUTY BUSH (The Fountain of Pink)—Recently imported from Central Asia. Very hardy. Grows 6 to 9 feet high. Long arching branches, literally covered with beautiful delicate pink flowers. When in full bloom it's a real fountain of pink. Very attractive foliage. A perfect shrub that will give you something new and admirably beautiful. A most delightfully new charming shrub, different from anything you ever have seen. Two 2-year, 18" to 24" plants, prepaid, for only

\$1

5 for \$2.00.

KELLOGG'S HIGHLY COLORED FLAMING FLOWERS

Here Are Three Beautiful Flowers of Flaming Color

Nothing you could plant will attract more attention than the three unusual flowers described here—long spikes of flaming orange-red, rich rose-pink, and charming purple flowers.

RED HOT POKER (*Fritoma*)—Sometimes called Torch Lily or Flame Flower. Fine for garden decoration; stately grower with long, narrow, grassy leaves. Drooping tubular orange-red flowers grown on dense spikes or long stems above foliage. Originally came from South Africa.

BLAZING STAR (*Liatris*) or Gay Feather. Very showy plants with grassy linear leaves. Produced in a thick tufty mass out of which arises long spikes of rich purple flowers. Does well in sun or partial shade. Thrives in ordinary garden soil; very beautiful.

GAS PLANT (*Dictamnus*). Very hardy. Will thrive in the same spot for many years. Ash-like leaves with a delightful fragrant odor. The quaintly formed flowers are borne in upright racemes. May be ignited in the evenings of hot days without any damage to the plants. Very charming rose-pink flowers. A group of one each, three plants, prepaid, for only

\$1

3 Groups, 9 plants, only \$2.00, prepaid. Or make your own choice of these 3 flowers at same price.

EMPIRE STATE

EMPIRE STATE is a BRAND NEW, medium late, bi-sexual strawberry. Never offered before. We have the only plants in America. The best plants ever grown; big, sturdy, heavy rooted plants. Big foliage, big attractive berries. Sure to sell at the highest prices; a most magnificent strawberry. Originated in New York State. Sent to KELLOGG for testing three years ago; fruited here two seasons; produces the most perfect and most magnificent berries we ever have seen. It's a real "knockout." Hardy, easily grown, easily picked, delicious and easily sold. THE 20TH CENTURY STRAWBERRY. A real bargain at the prices quoted here. Remember, it's BRAND NEW, only a limited number of plants. DON'T WAIT. Be one of the first to try this most outstanding brand new strawberry. Grow in narrow rows.

CENTURY
STRAWBERRY

Kellogg's PREMIER

THE PRIZE WINNER AND MONEY MAKER

**Extra Early, Frost Proof (Bi-Sexual)
Biggest Money-Making Strawberry in the World**

No other strawberry ever made such big fruiting records as KELLOGG'S PEDIGREE PREMIER. In 1928, 17,500 quarts from only 1¼ acre; in 1929, 35,000 quarts from less than 3½ acres; in 1931, 30,000 quarts from 3½ acres, as reported by one KELLOGG customer, Henry Mackeben, Huntley, Illinois, picked 21,600 quarts last year from less than 2½ acres of KELLOGG'S PEDIGREE PREMIER. Remember, these big yields were produced by KELLOGG'S PEDIGREE PREMIER PLANTS—not common plants. KELLOGG'S Pedigree, heavy fruiting plants will do the same for you.

KELLOGG'S PREMIER FRUITS EXTRA EARLY when berries are selling at high prices. A big yielder of big, bright red berries. A prize winner and a big money maker in all soils and climates.

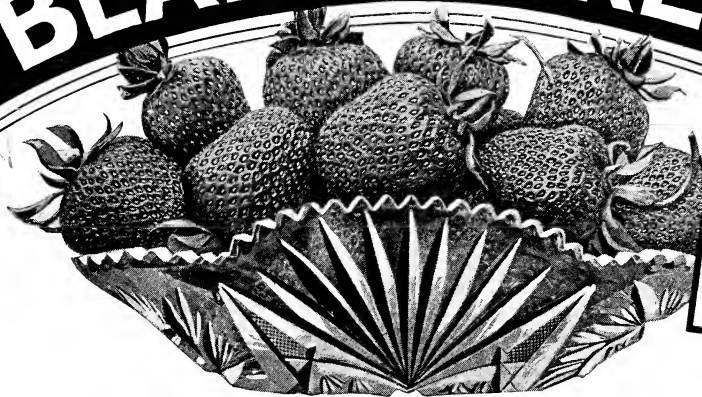

KELLOGG'S PEDIGREE PREMIER has a longer fruiting season than any other strawberry. Begins fruiting extra early, continues fruiting with the later varieties. THE BEST SHIPPING and best keeping extra early strawberry ever grown. Fruits heavy in narrow or wide rows.

BLAKE MORE

*It's
Just the
BERRY
you have
been
waiting
for*

The Most Promising New Early Strawberry

BLAKEMORE strawberry originated from a cross of Missionary and Premier at the United States Plant Field experiment station near Glenn Dale, Maryland. Under some conditions the berries are larger than Premier and it has yielded as heavily as Premier. The berries are beautifully shaped of bright, light red color. The firm flesh and resistant skin makes BLAKEMORE an ideal keeper, canner, and shipper.

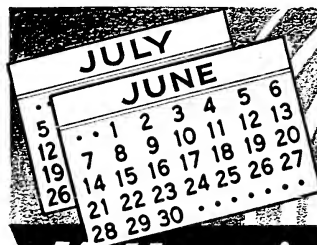

BLAKEMORE is a bi-sexual (male), strong grower, liberal plant maker, and a most splendid yielder of big, beautifully colored berries. The very fact that Premier is one of BLAKEMORE'S parents should convince you that it is the most promising new extra early strawberry. The berries are about 2½ times larger than the berries shown in the above dish.

KELLOGG'S original stock of BLAKEMORE plants came direct from the Coastal Plains Experiment Station. WE GUARANTEE EVERY PLANT to be genuine true BLAKEMORE.

KELLOGG'S low prices this year give you an opportunity to see BLAKEMORE fruiting in your own garden at a very small cost. Grow in narrow rows.

**BARGAIN
GARDEN***

Kellogg's SUMMER and FALL Garden

With only ordinary care and weather conditions, this little gem garden should supply an average sized family with all the delicious strawberries they can use FRESH FROM THE GARDEN from early summer until rather late fall. KELLOGG'S SUMMER and FALL STRAWBERRY Garden affords you a most wonderful opportunity to furnish your family with KELLOGG'S very choicest strawberries summer and fall—plenty for winter, too.

Just a Small Space—Only 400 Square Feet

Make your rows 30 inches apart and set the plants 20 inches apart in the rows. This requires a space only 10 feet wide and 40 feet long or 20 feet square, exactly 400 square feet of ground. The beauty of this garden when it is blooming and fruiting is worth the price to say nothing about the wonderful crop of strawberries.

Kellogg's MASTODON

Big Red Berries in Three Months

Grow KELLOGG'S MASTODON Everbearers for quick action and big profits. Just think, when you plant KELLOGG'S MASTODON you only have to wait a few weeks until you are picking big, bright red, delicious berries, and you keep right on picking berries until fall.

KELLOGG'S MASTODON plants are the most persistent plants you ever have seen. You simply cannot keep them from fruiting. The berries at the top show the shape and size; and the crate of berries to the left shows how beautiful these berries are when packed ready for market. Both of these pictures are made from an actual photograph.

No variety could possibly produce more big berries per acre than KELLOGG'S MASTODON. Every plant is loaded with blossoms and big berries. There is no end to their fruiting until freezing stops them. KELLOGG'S MASTODON plants are the heaviest fruiting plants grown in America. MASTODON is a strong bi-sexual (male), strong grower, not affected by frost, hardy, easily grown and succeeds in all soils and climates. Again I say, grow MASTODON for quick action and big profits.

THE KING OF EVERBEARERS

Kellogg's Big BEAUTY *The Sparkling Strawberry*

KELLOGG'S BEAUTY is big, beautiful and late. Berries large as walnuts, solid as a peach, juicy as an orange and sweet as cake. Its sparkling beauty, delicious flavor, and bright green calyx commands the highest price on all markets.

The strawberry that keeps well. Pick KELLOGG'S BEAUTY today and sell them tomorrow or the day after without losing a berry.

Plants grow 12" to 15" high. One plant when fruiting fills a half bushel basket; leaves large as the palm of my hand and runners as long as my arm. Fruiting stalks eight to ten inches long, a quarter of an inch thick, grow straight up with berries in full view. Easily grown, easily picked and easily sold.

Now fruiting in all parts of the country. Every grower satisfied. Frost after frost at blooming time fails to stop BEAUTY from producing a big crop of big, sparkling berries which sell readily at premium prices. Dependable and profitable for home garden and market. NEW, "BARGAIN YEAR" LOW PRICES on KELLOGG'S BEAUTY this year.

Kellogg's MARVEL

Very Late Bi-Sexual (Male)

\$8.00 TO \$10.00 PER CRATE

Here's the MARVEL strawberry that is making good everywhere. A tall, strong grower and a good plant maker. The berries are much larger than the picture shown here. Deep red through and through. One of the heaviest producing late strawberries we ever have grown; big crop reports come from all parts of the country. MARVEL berries have sold as high as \$8.00 to \$10.00 per crate. Many customers report MARVEL to be the best late strawberry. Does best in hills or narrow rows; fruits alone or in company with other varieties; not particular as to soil or climate.

Here's a report from one of the many satisfied KELLOGG customers. "Our season was not good for berries but from only one-fifth of an acre of KELLOGG'S MARVEL plants, we realized at the rate of \$1400 per acre." This letter came from C. J. Brown, Bangor, Maine.

I am sure you will like MARVEL because it's a most wonderful strawberry and I want you to try a few of these plants and see for yourself that it is all and more than we claim. Grow in narrow rows.

Kellogg's BIG LATE

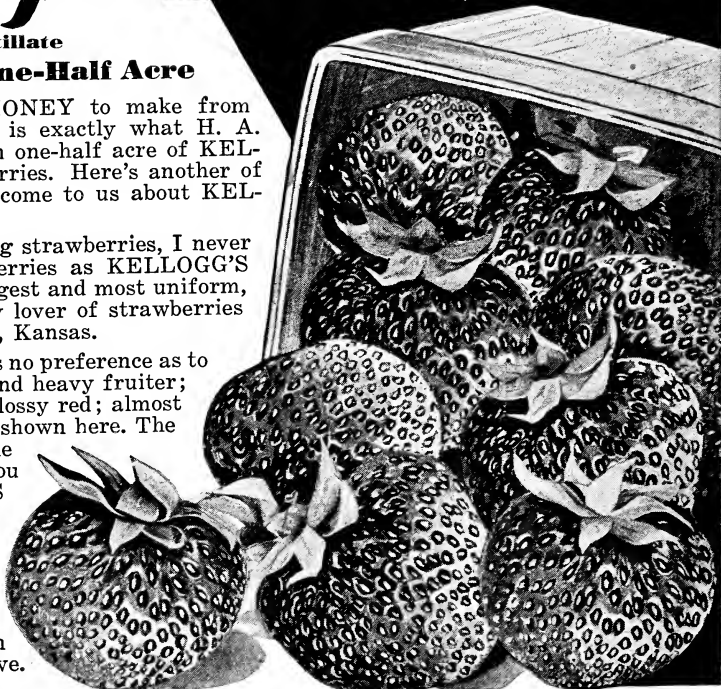

Late Pistillate

\$1,213.95 from One-Half Acre

\$1,213.95 IS A LOT OF MONEY to make from only one-half acre, but that is exactly what H. A. Wysong of Indiana took from one-half acre of KELLOGG'S BIG LATE strawberries. Here's another of the many big reports which come to us about KELLOGG'S BIG LATE.

"In all my experience growing strawberries, I never have seen such wonderful berries as KELLOGG'S BIG LATE. They are the largest and most uniform, and the flavor is all that any lover of strawberries could desire."—J. W. Cooper, Kansas.

KELLOGG'S BIG LATE has no preference as to soil or climate. Tall grower and heavy fruiter; the berries are large, dark, glossy red; almost twice as large as the picture shown here. The berries fairly sparkle and the most delicious berries you have ever tasted. It FRUITS HEAVILY in narrow or rather wide rows. Should be planted with Marvel, Beauty or Washington. One of the best and biggest money making late strawberries we have ever put on the market. See prices above.

Beautiful Gardens Make Beautiful Homes

Dear Friends, Everywhere:

My garden full of flowers is a garden full of joy and beauty and I want to tell you how to make your garden just as beautiful as mine.

First, I want to tell you about the "Gladioli Garden" offered in this book. This is the most beautiful combination of tints and colors you ever have seen. I know, because I had them blooming in my own garden this past summer. You'll find them simply gorgeous.

Roses, the "Queen of Flowers", will add dignity and charm to your garden. The "Garden of Roses" shown on the back page will actually charm you with its many dignified roses of all colors. The "Perennial Garden" on page 31 is a real permanent show garden.

Your garden would not be complete without a well-selected perennial planting. I plant many new kinds of perennials every year. I love them and you'll love them, too, because they are so pretty, so hardy and so easy to grow.

With me, beautiful flowers come ahead of fine clothes. "Fine feathers" will not make "fine birds", anyway. I dearly love to put on my old straw hat and "tiptoe" into my garden and visit with my flowers.

A garden full of colorful flowers, a well-chosen planting of shrubbery in the front lawn, a few fruit trees, berry plants and a grape arbor in the back yard will make a modest home look like a million dollars.

There is a lasting joy in growing flowers and giving flowers. If you will come to Three Rivers, the city of flowers, berries, rivers and lakes, I'll give you a bouquet and I'll show you that beautiful gardens do make beautiful homes. Come right along; visitors are always welcome here. Come in May and "tiptoe through the tulips" with me

Sincerely yours,

Mrs. J. E. Beatty

Everbearing STRAWBERRIES

Bring Big Crops and Big Profits in the Fall

30c a Quart—\$1500 per Acre—\$25 from Small Garden

These Letters Give You the Facts About the 30 Cents a Quart, \$1500 Per Acre and \$25 from a Small Garden.

"Last spring I purchased 1,000 KELLOGG MASTODON everbearing strawberry plants and I can say they are THE BEST I have seen anywhere. They sure have done everything you said they would. I received 30 cents a quart."—Carl Mitchell, Michigan.

"I have grown KELLOGG Strawberries exclusively for the past fifteen years and SELDOM MAKE LESS THAN \$1200 PER ACRE. One year I MADE \$1500 PER ACRE from KELLOGG'S PROGRESSIVE Everbearers. When I visited your farm, I was convinced that you do even more than you claim."—W. L. Forbes, Vermont.

"From our small KELLOGG Everbearing Garden we had fresh strawberries practically without a break from *early June until November*, and in addition sold over \$25 worth of berries."—C. H. Morgan, New York.

Only KELLOGG'S Thorobred Pedigree heavy fruiting plants can produce such high priced berries and big profits. Here are two gardens that give you an opportunity to get both of KELLOGG'S Everbearers at a big saving.

Here's your opportunity to try all KELLOGG strawberry varieties at a very small cost. You get 25 plants each of KELLOGG'S 14 varieties listed in this book. You save \$7.45. Think of it, a \$12.45 value for only \$5.00, delivered to you prepaid.

We are making this big bargain offer so you may know that all KELLOGG varieties are just as good as we claim them to be. Order this Variety Garden and you will get 25 plants each of Dunlap, Gibson, Dr. Burrill, Early Bird, Premier, Blakemore, Big Late, Marvel, Beauty, Harvest King, Mastodon, Progressive, and KELLOGG'S Washington, the Honey-Sweet strawberry. Also KELLOGG'S brand new Empire State, the 20th Century strawberry. Each variety labeled. This gives you \$12.45 worth of KELLOGG thorbred plants for only \$5.00 and we pay the postage.

14 Varieties—350 Plants—You Save \$7.45

This Variety Garden covers the entire strawberry season. Extra early, mid-season, extra late and fall everbearing strawberries. A big variety of color, shape, size, and flavor. The greatest and biggest bargain ever offered by KELLOGG. Is easily worth \$12.45. You pay only \$5.00. We pay postage and guarantee safe delivery.

Kellogg's **QUILLEN**

Something New In **Black Raspberries**

Big Crops of Big Jet-Black Sweet Berries

Here it is. The new QUILLEN black raspberry all ready to produce big crops of delicious berries for you. Look at the pan full of berries; see how big they are. Made from an actual photograph.

Now you can get the genuine KELLOGG heavy-fruited QUILLEN plants direct from KELLOGG with KELLOGG'S GUARANTY. The heaviest fruiting berry plants ever grown.

QUILLEN is the new wonder jet-black raspberry that has been tested and is being recommended by many experimental stations.

QUILLEN is a very strong, sturdy, healthy grower. Canes grow big and tall. A wonder for heavy fruiting of big, jet-black sweet berries. Fruits about one week later than Cumberland. Grow QUILLEN with the new Logan and Cumberland and make your raspberry fruiting season two weeks longer.

How to Grow Raspberries and Blackberries

Prepare soil as for any garden crop. Make deep and rather wide furrows. Set plants about six feet apart each way, or closer in gardens. Spread roots and press soil firmly around the roots. Be sure to cover all the roots and be careful not to break any new sprouts. Cut off old stalks an inch or two above ground. When new canes of black raspberries are about two feet high pinch out the top bud. This promotes growth of lateral fruiting branches, which means more and better berries. Red raspberries and blackberries should not be tipped, but the next spring while the plants are dormant prune back about one-third of the previous year's growth. Allow only 5 to 7 canes to each plant. After fruiting season cut out old fruiting canes and burn them. This keeps the plants clean and healthy and gives new growth a proper chance. Cultivate and hoe shallow and often.

Kellogg's ELDORADO BLACKBERRIES

KELLOGG'S two-year bearing ELDORADO plants will come into full plants. KELLOGG'S plants save you a whole year's time. KELLOGG'S ELDORADO is the heaviest fruiting and best blackberry in the world. Very hardy and the berries are sweet and delicious. Berries ripen late assuring highest prices.

Kellogg's WASHINGTON

*The "Honey Sweet"
Strawberry*

*You'll Never Forget
The Flavor
"Honey Sweet"*

**Big
Sweet
Handsome Berries like these**

**Bring Big Prices
and Big Profits to You**

FOR BIG CROPS AND BIG PROFITS

Here it is, WASHINGTON, the Honey-Sweet Strawberry. Biggest, sweetest, and most beautiful strawberry ever grown. Big, mammoth berries—deep, dark, glossy red, like black-heart cherries—juice like syrup—sweet as sugar. A wonder for sturdy, hardy growth. Big yields and long keeping qualities. More than 300 berries have been counted on a single plant. Berries kept solid and fresh four days after picking. The most amazing new strawberry ever brought out. New in color—new in size—new in taste—a real revelation in keeping qualities. A most wonderful performing strawberry. Big? Yes. I have picked berries nearly as large as hen's eggs. Berries when ripening first turn pink—next comes the dark red cheek—then dark, glossy red all over, inside and out. Deep, dark red to the very center. Try WASHINGTON plants. See them grow. Taste the berries. You'll never forget the flavor—"Honey-Sweet."

**Plant Kellogg's Washington
The Original and Genuine
WASHINGTON PLANTS**

GROW WASHINGTON STRAWBERRIES

Don't fail to include WASHINGTON plants in your order. I know WASHINGTON—I know what it will do and I predict our stock of plants will go fast. Get your order in early, because you never were offered plants of WASHINGTON quality at our low prices. Thirty-six years of strawberry experience and I have never seen or tasted a berry like WASHINGTON. Neither have you because there never has been a strawberry to compare with WASHINGTON in vigor, productiveness, size, color and sweetness. What is a strawberry like this worth to you?

KELLOGG'S NEW LOGAN BLACK RASPBERRIES

A New Kind of BLACK RASPBERRIES

**\$1.00 Per Crate, Extra
One Week Ahead of All Others**

Now you can have the earliest and biggest money-making black raspberry ever grown. Last year the New LOGAN brought \$1.00 more per crate than any other Black Raspberry—the first on the market.

Look at the big berries rolling out of the dish—that's the New LOGAN for you. You never have seen anything like it for big crops of big, handsome, sweet berries.

Big, sturdy, healthy bushes—snow-white with blossoms—then jet-black with big, shiny, sweet, delicious berries.

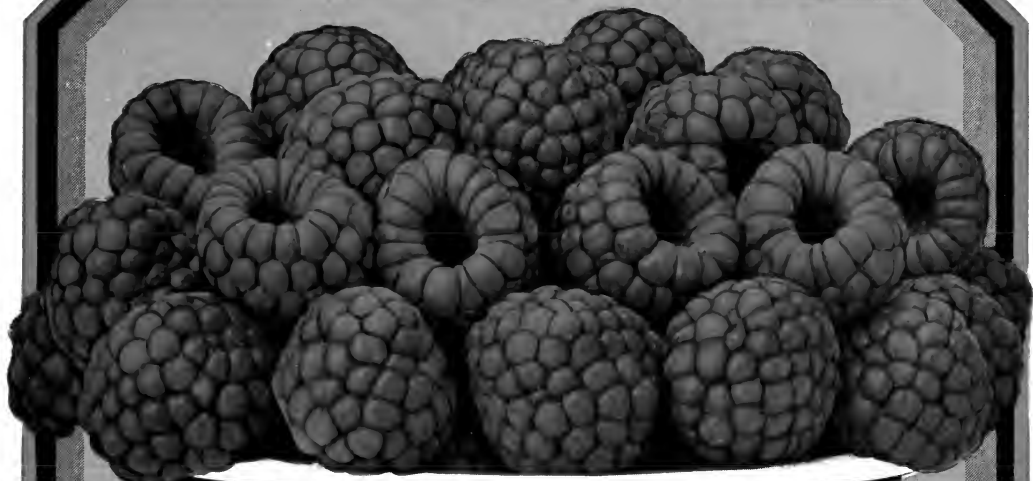

This year KELLOGG offers you three of the greatest black raspberries in the world—this New LOGAN for extra early berries—CUMBERLAND, mid-season and QUILLEN for late. Grow all week later than other growers.

Here are KELLOGG'S LOW PRICES for this BRAND NEW, earliest of all black raspberries.

GRAPES

CACO, the New Red Grape, 45c Each, 6 for \$2.00

CACO, NEW EARLY WINE-RED grape with most delicious flavor of highest quality. Rich in sugar, very sweet. Beautiful large grapes on large compact bunches. The best grape you ever have tasted.

CONCORD—Most popular of all black grapes. Excellent quality. Hardy, heavy bearing.

MOORE'S EARLY—Large black; two weeks earlier than Concord.

NIAGARA—Leading white grape; large size. Delicious flavor. Very hardy and early bearing.

WORDEN—Dark purple. Large berries, ripens ten days earlier than Concord.

CATAWBA — Big, purplish red, delicious grapes. Keeps well after picking. Very hardy.

BRIGHTON—Handsome dark red late grape, high quality. MOORE'S DIAMOND—Large as Concord with greenish white color and yellow tinge. Juicy and sweet.

DELAWARE—Rich and delicately flavored, small red grapes. Very desirable for home use.

Austrian Pine grows 20' to 25' high, with 10' to 12' spread.

Kellogg's LATHAM

The Giant Red Raspberry

KELLOGG'S LATHAM, the Giant Red Raspberry

Here is the giant of red raspberries. The dish of berries shown here pictures the size, shape and color of Latham very accurately. Made from an actual photograph.

Latham holds its shape, does not crumble. Brings five to ten cents per quart more than other raspberries. A big yielder and big profit maker. Has a record of better than \$1,000 per acre.

Latham is a strong, sturdy grower. Large canes which grow tall and upright. Canes do not bend over when loaded with their big crop of big berries. Very attractive, keeps well, ships well and sells at sight above market prices. Right here in Three Rivers a large acreage of Latham could not supply the enormous demand. Berries were spoken for long before they were picked. Customers came to the field and gladly paid a premium price.

We want you to try Latham at a small cost. We have only about 100,000 Latham plants. All choice, first grade stock. Kellogg quality. Not enough for late orders. Order yours at once.

AN ASTOUNDING \$8.00 VALUE FOR ONLY 2.00 POSTPAID

Kellogg "Glads" Delight Everyone

April 14, 1931
Out of my last year's collection of Kellogg's gladioli bulbs I had plants five feet high and as many as 22 flowers on one spike. Many of the flowers measuring 7½ inches across. Many admired them. I enclose \$2.00 for another collection which I know I shall enjoy. Mrs. S. A. Tucker, Higganum, Conn.

July 23, 1931
I venture to say that my Kellogg glads were equal to any that the florist sold in my town for \$1.00 a dozen. If anything, they were more beautiful. I want to tell you I am sold for life on R. M. Kellogg's bulbs and plants. D. E. Wall, Winston-Salem, N. Car.

August 3, 1931
Last spring I ordered 100 gladioli bulbs from you and to make a long story short "I am 'glad' I own them." There is a new thrill for me every time I go out to get a bouquet. Such a wonderful array of colors. Mrs. Ezra Roesler, Waseen, Minn.

Here's your opportunity to see all KELLOGG'S CHARMING GLADIOLI blooming in your own garden at a very small cost. With this BIG VARIETY GLADIOLI GARDEN you get all of Kellogg's many choice varieties. The most charming and most outstanding collection of Gladioli ever offered. All BIG FLOWERING VARIETIES. The 8 shown here and many others—a carefully chosen assortment.

MONEY BACK GUARANTY

We are so confident that this collection of well-blended colors will please you that we are willing to send this Gladioli Garden to you on a MONEY-BACK GUARANTEE. If you are not absolutely satisfied and delighted with the big, showy flowers of every color, tint and shade at blooming time we will cheerfully return your money.

Remember, two (2) Mrs. Frank Beatty bulbs (labeled) are included in this Garden. Also 2 W. H. PHIPPS, the PRIZE WINNER at every show. The actual worth of these four bulbs alone is \$1.50. Just wait until you see these giant, gorgeous, bright, charming colored glads blooming in your garden. A real BLAZE OF COLOR that will attract every one. Order at once while we are prepared to give you this REMARKABLE \$8.00 VALUE FOR ONLY \$2.00, postpaid.

SURPRISE GIFT

When you open your box of bulbs you are going to find a real pleasant surprise. A VALUABLE EXTRA FREE GIFT FROM KELLOGG. I am not going to tell you what this gift is because then it would not be a surprise.

104 GUARANTEED BULBS

All tints and colors

Reds, Pinks, Whites, Crimsons, Scarlets, Lavenders, Salmons, Orange, Blues, Yellows, Purples and many multi-tints and colors.

Planting and growing instructions with each order. An extra surprise gift—free with each garden.

Order This Gladioli Garden as a Present for Your Friends.

A most beautiful, worth-while gift.
